### **Construction**

A construction is a complex linguistic sign consisting of a specific form paired with a specific meaning.

## Recent work on idioms

Fillmore, C., Kay, P. and O'Connor, M.K. 1988. Regularity and idiomaticity in grammatical constructions: The case of *let alone*.  
Language 64: 501-38.

Nunberg, S., Sag, I.A., and Wasow, T. 1994. Idioms. Language 70: 491-538.

## Idioms: An overview

Encoding idioms	Decoding idioms
Idioms whose meanings the hearer could figure out even if he didn't know them.	Idioms whose meanings the hearer could not understand if he did not know them
<i>answer the door</i> <i>wide awake</i>	<i>kick the bucket</i> <i>pull a fast one</i>

Grammatical idioms	Extragrammatical idioms
They are semantically irregular but abide by regular syntactic rules	They are both semantically and syntactically irregular
<i>kick the bucket</i> <i>spill the beans</i>	<i>all of a sudden</i> <i>by and large</i>

<b>Idioms with pragmatic point</b>	<b>Idioms without pragmatic point</b>
They are tied to a specific pragmatic context	They are not tied to a specific pragmatic context
<i>Good morning.</i> <i>See you later.</i> <i>Once upon a time.</i> <i>Him be a doctor?!</i> <i>How are you doing?</i>	<i>All of a sudden.</i> <i>Either way is fine.</i> <i>That's just about the ___ that ___ .</i> <i>You can't have it both ways.</i> <i>Say it again.</i>

<b>Substantive idioms</b>	<b>Formal (schematic) idioms</b>
They are lexically filled and grammatically invariable	They are only partially filled by concrete lexical expressions and/or grammatically variable
<i>It takes one to know one.</i> > <i>*It took one to know one.</i> <i>So far so good</i> > <i>*So far so bad.</i>	<i>The ___ the ___ .</i> <i>-- let alone ___ .</i> <i>Why don't you ___ ?</i> <i>___ never got around to ___ .</i>

## **Kick the bucket**

- (1) a. He kicked the bucket.
- b. \*The bucket was kicked.
- c. \*They kicked the buckets.
- d. He will kick the bucket.

b. \*Shrimp let alone squid, John won't eat.
- (5) a. \*Shrimp, John won't eat and squid.  
b. Shrimp, John won't eat, let alone squid.
- (6) a. Max won't eat shrimp but Minnie will.  
b. \*Max won't eat shrimp let alone Minnie will.

## Passive construction

(1) The meal was cooked by John.

### *Idiosyncratic properties:*

1. The subject is the patient rather than the actor of the verb.
2. The verb occurs in the past participle and with the auxiliary 'be'.
3. The 'by' phrase denotes the actor of the activity expressed by the verb.
4. The preposition 'by' does not have its basic spatial meaning.

### **The caused-motion construction**

- (1) She dragged the child into the car.
- (2) He wiped the mud off his shoes.
- (3) She forced the ball into the jar.
- (4) He pushed the book down the chute.

‘X causes Y to move somewhere’

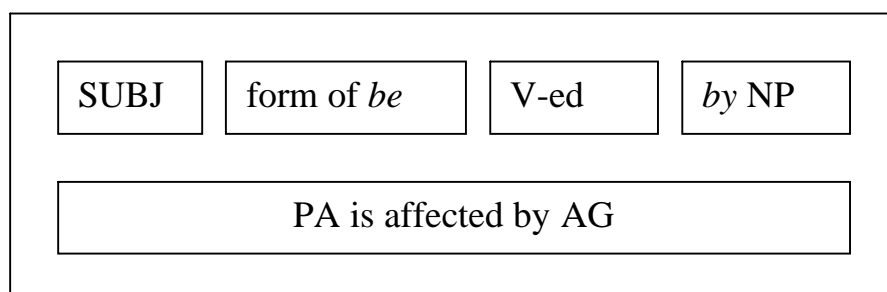

- (5) She sneezed the napkin off the table.

### **The resultative construction**

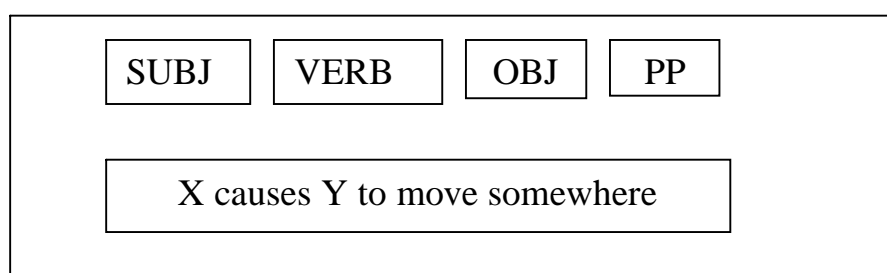

- (6) Peter meeked the bleek dizzy.
